(e) The increase is due to the cost of Rs. 600 to St. Patrick's Orphanage recently sanctioned in Resident's Proceedings No. 92-4198 dated 14th January 1889, as also to increase in the salaries of the medical staff attached to the Bowring Hospital and Ulsoor Dispensary on their passing the examination prescribed for their promotion.

Establishment for the Bench of Hon: Magistrates, C. Stn. Station

In his letter No: 1521 dated 14 Mar 89, the Bench Magistrate asks for a Clerk on Rs: 25/ and two peons on Rs. 7. each, for the office of the Bench of Hon: Magistrates, assigning his reasons for making the application, which need alone appeal to the Govt weight. But office would respectfully invite invite attention to the circumstances under which the Bench was formed.

2. The idea emanated from Major Norton, when noting on the reductions recommended

by the Finance Commissioners.
As regards the Establishment
for the Branch Magistracy Robertson
said one or two Writers and a
couple of Messengers would be
necessary and might be paid
for from Fines paid over by the
Municipality of the Magistrates
in the Station, Mr. Fitzpatrick
was of opinion that one Clerk
would be enough and that there
was no need for persons as the
Police would attend.
On a subsequent reference from
Mr. Newton, who was then off.
Chief Magistrate, on the same
subject, Office pointed out
that the Municipal Commrs.
would have to be consulted if
any portion of the Fines paid

Westbrook then passed orders and his Worship Pendergast agreed that a Clerk from the 2d Magistrates Court might be ordered & attend until the arrangements were made - this was accordingly done.

3 It is estimated further that the 2d Magistrate and his Establ. were up to the end of the year 1886 engaged in only Criminal work - on the 1st January 1887. the Civil Sessions Judge was relieved of a portion of his Civil work which was transferred

9- I think we may ask the Municipal Comm[rs] if they will appoint a clerk to be paid from the fines realised. We may begin by asking Col: Mayhew what the fines amount to - whether they would be sufficient will be practicable. We may point out the many objections there are to asking the Govt. of India for any further establishment.

If this fails, perhaps a clerk could be spared from the Police establishment. Office will please look up papers about this.

We may ask Mr Stewart, if he can provide the Hon[ble] Mayor with a couple of cons letters.

Letter to the District Magistrate issued
N. 1168=1579 of 5: April 1889.

—

In letter N. 669 dated 19: September
1890, the District Magistrate repeats
his request for an establishment
for the Bench Magistrates' Court.

The information called for in Ol. N.
2 has now been furnished. From
the nature of the office work required
as specified in the margin, it does not
appear as if the work could
be satisfactorily done
without with one clerk deputed from
the 2: Magistrates' Court. The record clerk
of the Dy: Magistr's Court has been frequently deputed to
the Court of the Bench Magistrates leaving
in arrears the records & registers of the
Dy: Magistrate's Court. As regards
peons, the Dy: Supt of Police is unable
to spare any of the constables for
office duties. In Ol. N. 2, it was suggested
that if a clerk was necessary, his
pay might be met from the amount
of fines made over to the Municipality
& the Dy: Magistrate was asked whether
this proposal was practicable.

Receipts for payment of fines 20
Periodical returns 25
Registers to be kept 10

Col: Magrath is of opinion that it is not fair from a municipal point of view. Moreover, this cannot be arranged without an alteration of Sec: 245 of the Municipal Regulations. As the Section now stands, the fine should be applied to the purposes of the Municipal Regulations, & the establishment of the Court of the Bench Magistrates is not one of a municipal institution. The amount of fines made over to Municipality from Nov: 1888 to July 1890 was Rs 3006, i.e, about Rs 1716 per annum.

13. The present proposal is in excess of that sent up in the Dy: Magte's letter of 14: March 1889. The establishment will under the proposal now made consist of 1 Clerk on Rs 25 p-m.

2 Court Peons - 14
1 Court Sweeper at each - 5
44 or Rs 528 per annum

Carriage allowance to the Chairman. 25 or Rs 300
828

Pl. No 1.

14. With reference to the office establishment, it is submitted that a sweeper seems unnecessary, & as regards peons, the Dy: Supte of Police may be asked what the peons who were formerly detailed at Court have now been employed & whether he cannot spare two for the Court of the Bench Magistrates.

It is presumed that police peons are allowed to the Courts of the 1st Magistrate & the 2nd Magistrate. Perhaps these Courts might spare the required number.

It is not clear whether in the event of the one clerk now wanted being sanctioned the men now allowed from the 1st Magte's & 2nd Magte's Courts will be withdrawn, in which case one clerk is hardly sufficient considering the work required of him. It is true that on with the establishment of the Bench Magistrates Court, the criminal work of both the 1st Magte & the 2nd Magistrate must have been diminished, but it is submitted that nevertheless the registers &c have to be kept up, and clerical work that no perceptible diminution must have taken place in clerical work.

15 The District Magistrate recommends a conveyance allowance to the sitting Chairman of Rs 25/- a month as he

has to drive a long distance to the Court & back to the house, & in order to retain the services of the chairmen. The Special Magistrates may claim this indulgence, & if refused, may perhaps decline to sit on the bench. It may be difficult then to get men as magistrates unless they are made chairmen. According to the rules, a conveyance allowance is allowed "when an officer has a large amount of travelling", & looking at the list of officers in appendix No. 26 of the C.S. Regulations, it would seem that an application to the Govt of India in favour of the proposal may not receive favourable consideration. A Coroner gets a conveyance allowance, but he is required at any moment to proceed to the spot where an inquest is held, and in the Presidency towns he has to go long distances. Please see file No. 405 of 1889 in which the Municipal President was refused a conveyance allowance.

Article 1178 of the Civil Service Regulations

16 Col: Magrath requests that the above proposals in connection with the Court of the Bench Magistrates may be entered in the budget for 1891-92. The Account Code (Vol I, chap 9. Rule 3(e)) lays down that no new charge should be included in the budget until sanctioned by competent authority but that a note may be made at

the end of the budget of any
that is expected to be com
come in course of payme

18 Resident.

You will see from the preceding
portions of this note that there are
strong reasons for not asking the
Government of India for any increase
of establishment. I feel sure

be ~~redressed~~ required. I do not think
work to be done in the
nt is very great, because
ely of a routine nature,
t of the forms, if not
printed.

ee we have given the Bench 2nd class
they will, of course, have a great
ere to do; but Colonel Magratth's
ol Rahman's courts will be
inately relieved.

I propose therefore to say that
do not approve of any special
lishment for the Bench Court,
that Col. Magratth & Abdul
man between them should
ange ~~for~~ whatever establishment
is necessary.

I would point out ~~that~~ the relief
afforded to these two courts
by the increase of the powers of the
Bench.

Col. Hill has an enormous
establishment & not very much
work, and if neither Colonel Magratth
nor

(Continuation of Note or Precis.)

nor Abdul Rahman can spare a man, and I think they should be able to spare permanently one clerk & one peon. Col. Hill might be asked to lend some one from his establishment. He might lend a peon for instance. I really think that a sweeper is unnecessary, and the same man who sweeps the District Magistrate's Court should also sweep the Bench Court.

23 For the reasons given in the Note I do not propose to give the Chairman special travelling allowances. Special magistrates are honorary, & I do not think that the Government of India would consent to any conveyance allowances.

24 Col. Magrath should be grateful for the relief afforded to him by the Bench without asking for more. If neither Col Hill, nor Col. Magrath, nor Abdul Rahaman can spare peons, I think Hewetson might be asked how the peons formerly detailed to the Fort have been

employed, & ~~whether~~ why he ~~should~~ can not send ~~his~~ constables to the Bench Court. It is ~~generally~~ genuinely police work — this work of orderly to a court — & I do not believe that he is unable to spare any constables for the duty.

Do you agree?

Lee 29.8.90

25. I do not think that we can ask for fresh establishment. Both & Mygatt must re-distribute.

? Letter to D. Magistrate also ? the document to A.Y. Resident ? re the ejectment of No. 3487/1579 & 3480/1579 of 18th October 90.

26 With reference to this office en-
+ on SL: N° 4. -dorsement No [+]3488/1579 Col. Hill
SL: N° 5 replies that he is unable to spare
the services of a clerk for the
special Magistrate's Bench. On
the contrary he asks for a re-
-consideration of his proposals
to have an additional clerk on
rupees 25 & an accountant on
Rs 50 entertained on his establish-
-ment.

27 Col Hill has 16 hands on his
the stamp vendor
establishment including the
Nazir & two Daftarbands. He
14 each
sends a list of work done by ~~each~~
of them.

154 original suits, 2243 Small
Cause Court suits & 1110 execution
applications were disposed of in
Col. Hill's court in the year 1889-90

28 It was thought that Col Hill & the Dt
Magte could arrange between
themselves as best they chose to
get the clerical work attached to
the Bench of Magistrate's court
done.

Col. Hill has, it appears, spared a peon for the Benches court. If Col. Hill would transfer the whole of the work done by the 2nd clerk to others as shown below perhaps the 2nd clerk could be lobbyed by him for the Honorary Magistrates' Court work.

2nd clerk's work (1), (5) & (6) in the list could be transferred to the 7th clerk, (2) & (3) in the list to the 1st clerk & (4) to the 4th clerk. 7th clerk's (4) could be transferred to the 4th clerk.

29 The above redistribution could only be suggested for the consideration of Col. Hill.

Or it could be said that the investiture of the Bench of Magistrates with enhanced powers was only intended to relieve the magistrates personally of their judicial functions & was not a step intended to relieve their establishments, of their clerical work which should therefore continue to be done by the establishment of the District Magistrate. So that the work of keeping

(Continuation of Note or Precis.)

registers, issuing summons &c for the Bench of Magte's court could be done in the Dist Magistrate's office as if the cases decided by the ~~Dist~~ Bench of Magistrates were decided, so far as that work was concerned, by the District Magistrate himself. The clerk now attending the Bench of Magistrates court would continue to attend the court of the Bench during their sittings only.

B.N. Regr 19-11-90

Rem: I adhere to my former opinion that Col. Haycock & Abdul Rahuman should provide out of their own office establishments for the work of the Bench. Presumably they have done so, because we have heard nothing further from them on the subject, and may wait till we do. All that Col. Hill was asked to do was to lend me peons to the Bench. He has 8 peons to keep order in his court! Yet he has grudgingly detailed one

for the Bench, as a temporary measure.
This will show you the character of his
complaint that his establishment is
short handed!
He takes advantage of your request—
that he should detail persons to
the Bench court — to resubmit proposals
for an increase to his office establ^t —:
only now he asks for 2 more clerks
instead of one.
31 His proposals were fully considered
before (see file 316 of 1870) and I
& note on it
see nothing in his present proposals
to justify any change in the orders
already passed. (Col Hill's work is not heavy
but Col. Hill is unmethodical & slow)
32 I propose to tell him that this is [illegible]
opinion and that if he can not spare
a clerk for the Bench he should detail
another person, as he can not require more
than 6 persons to keep order in his court

by the Municipality which enjoys the greater portion of the fines realized in the Hon: Magistrates' Court. In this connection please see pages 29 & 30 of this note. Under section 9 of the Municipal Regulations, the fines paid to the Municipality form part of the Municipal Fund, & cannot be diverted for purposes other than those coming under the Regulations - Vide section 10 of the Regulations. The Council cannot therefore assign any portion of the fines paid to them for meeting the carriage allowance of the Chairman, Hon: Magistrates' Courts. The matter seems to require a reference to the Govt of India.

As regards the other society, Col: Nagenthu suggests that certain expenditure now debited to the allotment for "criminal Courts" be transferred to some other head. This course even

50

if it admit of compliance, it is submitted, does not, result in any real saving so that such saving may be applied to meet the carriage allowance in part. The expenditure in dieting persons incurred in the police lock-ups is legitimately debited at present to the contingent allotment of the Criminal Courts, while the charge similarly incurred in the case of persons in jail-lock ups is debited to the allotment under "Jail". If there was any irregularity in debiting this expenditure, the Accounts Dept. would have taken objection to the practice. For the same reason, the practice of debiting pauper interment charges to the contingencies of the Criminal Courts need not be disturbed. In any case, the Dt. Magistrate has not shown any real saving of expenditure so that it may be taken as a set off towards the proposed additional expenditure.

53 The note shows that Ch. magistrates prospects are impracticable. Apart from that to grant a carriage allowance to a so-called Honorary Mag[te] seems to me practically wrong. They simply presumably much the same position as J. P.'s at home & I have never heard of any such allowance being made to them. As a matter of fact they would not accept the position if they could not afford to do so & did not want to hold it. There is an obvious "quid pro quo" in the matter. The members of the Board probably like to be able to write Hon. Mag[te] after their names quite as much as a American citizen does J. P. Again if we give a carriage allowance to the Chairman why not to the other Hon Mag[tes]!

* Yes - theoretically, but the analogy does not quite hold good, for we cannot get here for Hong Kong the class of wealthy & educated men from which J. P.s come in England

It is only the Chairman who goes out regularly in cases. There are 3 Magistrates attached every month & they have to go in turn & not with the Chairman as

who probably have visit as far as Ootacamund.

54. If the Chairman or any other Hon. Member finds that it impossible to discharge his Magistrial functions without a carriage allowance we can resign otherwise with no difficulty in filling up his place.

55. Per contra the request for an extra clerk (vide para 2 serially) seems a much more reasonable one though I believe it has always been negatived.

As two of the Chairmen are retired Asstt Commrs, the third a retired Dy Collector & the fourth, a land-lord, it seems reasonable that they should have a

a decent carriage to go to the Court, & as the work is conducted between 12 noon & 5 p.m, a hackney Coach has to be hired for the whole day. The rate of hire is ordinarily Rs 3/- per day. Probably it might be possible to hire a Coach permanently at Rs 50 a month.

65. Before the constitution of the Bench of Magistrates, the work done by that Bench was performed between the 1st Magistrate & the 2nd Magistrate, especially the latter had to do almost the whole of that work. The finance Committee was kept upon ~~the~~ saving Rs 150 a month given to the Officer in charge of the Resident's treasury & Sub Registrar by attaching the duties of that Office to some Officer of the Station. The 2nd Magistrate was thus saddled with this work & in order to relieve him of the great portion of Criminal work, the Bench of Magistrates was constituted. This fact was made known at the time to the Govt of India. Vide para 5 of letter No 2601 of 15th Augt 1887 to the Foreign Dept. Sl. No 13. File 637/86.

68 In letter No. 564. J. dated the 14th February 1894, the Govt of India in the Foreign Dept asks for certain information before passing orders on the proposals in regard to the establishment for the Bench of Hon: Magistrates in the Ft St George & a carriage allowance for the Chairman.

D.21

69. The Foreign Dept wish to know whether the total No of Criminal cases in the Ft St George has increased since the establishment of the Bench of Hon: Magistrates in 1888. The No of Criminal cases decided in the Ft St George from 1887-88 is as follows according to the administration reports:—

The

70. The information as to the No. of cases decided by the Hon. Magtes supplied to the Foreign Deptt differs from the particulars given in the preceding statement. The former which was furnished by the Dy. Magtes Office probably includes ~~cases~~ orders on miscellaneous applications. At any rate, the above statement shows that there was not any appreciable increase in the total No. of cases decided since the institution of the Court of the Bench Magistrates while on the other hand it shows a perceptible diminution in the No. of cases decided by the stipendiary magistrates. In such a case the Foreign Deptt consider that all the addl establishment required for the Bench Magistrates' Court should be provided from the existing establishments of the other Magistrates. This matter was not lost sight of, & the Dy. Magte was told accordingly so far back as 18th October 1890, but it would seem that beyond the deputation of a clerk from the 2nd Magtes Court permanently & of a clerk from the Dy. the Dy. Magistrate, Co. in Station, reports
that the total No. of Cases in the Criminal
Courts of the Co. in Station have increased
by about 43% in 1893 as compared with
1888, & that although the work of the two
Stipendiary Magistrates has been decreased
only so far as the petty cases & the limited class
of Penal Code cases triable by the Bench Mag.ts
are concerned, yet the keeping of registers &c
remain unchanged, so that it is not possible
to provide the necessary establishment for the
Bench Mag.ts from the establishments of the two
Stipendiary Mag.ts' Courts.

78 With reference to the observation of the Govt.
of India that an establishment of 2 clerks for
Income Tax work is perhaps excessive, Govt.
however says that one clerk has been
deputed for this work. Col. Magrath said
in para 3 of Sl. No. 18 that this work requires
exclusively the services of 2 clerks, & the
observation of the Govt. of India was based
on Col. Magrath's statement.

As regards the carriage allowance
of Rs 25 a month to the sitting chairman,
the chairmen complain of the inadequacy
of the allowance. The Dist. Magte considers that
for 12 ~~days~~ sittings in a month exclusive of
occasional adjournments the carriage hire
will be Rs 36. The Conveyance allowance granted
to the Bombay Presidency to Hon. Magistrates S.13.
is Rs 25 a month. The Dist. Magte recommended an
allowance of Rs 45 a month while the proposed
Rs 30 - vide paras 9 & 10 of Dl. No. 20. but the Govt.
of India sanctioned Rs 25 a month to the
sitting chairman provided he lived at
such a distance from the Court as to render
the grant of an allowance in the Resident's opinion
reasonable. In this connection please see
para 89 of note. Mr. Hewetson considers
that none of the chairmen live so close
to the Court house as to render the hiring
of a carriage unreasonable. Hence all
the chairmen will receive the allowance,
but nothing, it is submitted can be done

₹ 60 a month. The Dy Magistrate may, if approved, be informed that it is with great difficulty that the sanction of the Govt of India was obtained for payment of a carriage allowce of ₹ 25 a month to the sitting chairman, & that the Resident is unable to move the Govt of India for an increased allowce. It may at the same time be remarked that in Bombay Presidency a conveyance allowce of only ₹ 25 a month has been as a special case granted to Hon: magistrates.

100 With reference to the Govt of India's decision that any further clerical assistance required by the Bench Court should be furnished from the establishments of the Dy Magte or of the 2d Magistrate Mr Hervey remarks that

that one clerk has already been furnished by the 2nd Magistrates' Court, & that a clerk of the 1st Magistrates' Court in charge of Income Tax work is now required to assist the Bench Magistrates' Court. It is now proposed to entertain a clerk wholly for Income Tax work for which no establishment was sanctioned as yet.

101 The clerical work of the Bench Magistrates' Court was hitherto performed by one clerk deputed from the 2nd Magistrates' Court & by another clerk occasionally lent by the 1st Magistrates' Court. Now that two clerks have been wholly set apart for the work, there seems no reason to supplement the establishment to that extent by another clerk. As no establishment has separately been sanctioned for Income Tax work, opportunity is now taken to obtain one clerk for this purpose, & to transfer the clerk to the Bench Court in charge of the 1st Magistrates' Court now in charge of this work. Please see Sir James Lyall's marginal remarks on para 3 of office note in file No. 5-5-8 of 1886.

The Clerical Establishment of the Bench Magistrates' Court.

In March 1884, the Dy. Magistrate proposed that 2 peons might be entertained for the Bench Court. It was then understood that one police constable was allowed for this Court & that he was employed in maintaining order in the Court.

A.1

Two peons from the District Court were detailed as an experimental measure for work in the Bench Court. No complaint has till now been made that this clerical establishment was found to be insufficient.

In connection with the question of increasing the Clerical Establishment of the Bench Court, opportunity was taken to ask for two peons for the Bench Court, & the two peons were sanctioned.

Thus it would seem that at present the Bench Magistrates' Court has

to Civil & Sessions Court formerly

five peons, two recently launched by the Govt. of India, two lent by the Dt. Court & one police peon detailed for duty at this Court.

Certain changes in the menial staff appear to have recently been made by the Dt. Magistrate, but the Dt. Judge has raised the question as to whether should make the appointment as regards the peons borne on the nominal roll of his Court doing duty in the Bench Court. In letter No. 881 dated 21st September 1894, the Dt. Magistrate requests that in order to avoid anomaly the two peons in question may be transferred to the Bench Magistrates' Court. Se. 35.

So long as the peons are borne on the rolls of the Dt. Judge, their appointment should of course be under his control. As the Dt. Magistrate, however, is the head of the Criminal Courts in the Station the establishments should be under his control, but as the two peons in question were merely lent to the Bench

the Revd. Sy. They are under the Sy. Officers & he may be recommend them to be fined or dismissed, any vacancy so caused will be filled up by this Office.

As the Govt. of India are not aware that the Punch Magistrates have power to award it would be better to let things remain as they are: If any improvement is made, it will have to be reported to the Govt. and be still open to the transfer supervision of his Quarterly Chl. Cert. & the G. of India. Who may post have an Reward questions.

**SUBJECT.**

Appointment of the Bench Magistrates' Court, Cuttack.

In December 1893, the following establishment was sanctioned for the Bench Magistrates' Court:-

1 clerk on Rs 30 (deputed from the 2nd Mag's Court).
1 clerk on Rs 25
1 clerk on Rs 20
2 peons at Rs 7 each.

but the Govt of India did not sanction the appointment of 1 clerk on Rs 20/- & remarked that if any further assistance was required by the Bench it should be furnished from the establishments of the Dist Magte or the 2nd Magistrate. The District Magistrate thereupon said that he would spare a clerk from his Court if he was given a clerk for Income Tax work, but he was informed in reply, that it was not necessary to supplement the Bench Court establishment by one more clerk.

2. It appears from the present letter from the Dist

A. suggests that there are sufficient grounds to give the same clerk to the Bench Court as a ~~gratuity~~ gratuity of £ 20 - a months which is the minimum ~~gratuity~~ ~~clerks~~ ~~in the~~ obtaining in the Corporation stations for clerks. It does not seem proper that this clerk should be provided by the municipality for as a matter of fact, we have recommended to the Govt of Madras that the municipality should be relieved of the payment made by them in respect of the Bench Magistrate's Court. The orders have yet been received from the Govt of India on the subject.

SIR,

I have the honor to bring to the notice of the Resident the absolute necessity for the entertainment of a small establishment consisting of a Clerk on Rs 25 and 2 peons at Rs 7 each for the Court of the honorary Magistrates.

2. As directed by the Resident in para 2 of your letter No. 3209/3838 dated 24th September 1888, an official of the 2nd Magistrate's office has been deputed to work in the Special Magistrate's Court. The 2nd Magistrate has, with great reluctance, spared the services of this official as his establishment is already overworked

File 383/88

by the addition of Civil Court works since 1887, for which, no extra hands were allowed.

3. I beg to point out that it has been found too arduous a duty for a single Clerk to attend on the Court during the trial of cases, to keep the various Registers of a Criminal Court, to issue processes, to prepare daily Calendars of trials, and periodical returns, to collect fines, and to do other Miscellaneous work. I would, therefore, recommend, that an intelligent Clerk, on a salary of Rs. 25, be entertained in addition to the assistance rendered to him by mine, and the 2nd Magistrate's Officials for the Current works of that Court.

4. The Menial Staff, proposed by me, is also very necessary for these reasons. The one Police constable allowed for that Court is, solely, employed in maintaining order in the Court, and to assist in the escort of prisoners to the Lock-up and

Jail, and I have been obliged to detail one of my own peons to do duty at the Bench of Magistrates' Court, and I can ill spare the services of any of them.

5. I would therefore request the favour of your obtaining early orders and sanction from the Resident.

I have the honor to be,

Sir,

Your most obedient servant,

Thomas Watts

District Magistrate.

4. I am further to enquire whether the District Superintendent of Police could not arrange to furnish two more Constables for the Court of the Hon: Magistrates. The services of some of the Constables detailed for duty at the Fort before its transfer may perhaps now be available.

FROM

TO

THE Assistant to the Resident

Bangalore.

SIR,

In the Bench of Magistrates is likely to be a permanent institution in the Civil and Military Station of Bangalore, I have the honor to request that the sanction of the Resident be solicited for the entertainment of a small Establishment for the better working thereof, and that such may be entered in the budget for 1891-92. Viz:—

1 Clerk on — Rs 25/- per mensem
2 Bearers (at Rs each) 14/- — do —
1 Sweeper — 5/- — do —

or Rs 528 per annum. —

2. In order to retain the services of the Peons as long as possible and to give them some little help for having to drive long distances to

to the Courts of the Bench of Magistrates, ...
and back to their houses, a carriage allowance
of Rs 20/- might be recorded monthly to the Sitting
Chairman - thus bringing the total annual
cost of the Bench to Rs 828/- a sum, which
can easily be met from the revenue of the
assigned tracts. -

3. I have, already, in my letter of the 14th
March 1889, brought to the notice of the Resident, D. No 1
the absolute necessity of having an establish-
ment for the Honorary Magistrates' Courts,
and the experience gained since then, shows
that it is impossible to carry on the work,
properly, without one.

4. As required in your letter No: 1168/1579 of D. No 2.
the 5th April 1889, I beg to enclose for the Resi-
dent's personal a statement showing the
nature and amount of work done in the
Bench Courts and I am of opinion, that it
requires at least 3 clerks to carry on the
duties set forth therein, satisfactorily -
I may also bring to the notice of the Resident,
that I have been frequently obliged to
depute the record clerk of my Courts to get
through the current work of the Courts leaving

my

my office, Records and Registers in arrears.

5. The Statement above referred to, shows that Rs 3006/- have been realized from fines for 21 months (or Rs 1718 per annum) since the formation of the Bench Courts, of these fines Rs 1722 have been paid over to the Station Municipality, and the balance credited to Government.

6. As regards the Resident's suggestion to meet the cost of establishment or a portion thereof from fines, made over to the Municipality, I am of opinion that, Considering the question from a Municipal point of view, it is not fair, that the Station Municipality should lose its revenue the Bench of Magistrates being purely a Government Institution, and the Municipality hitherto received their share of fines without any deductions, before the formation of the Bench.

7. With reference to para 4 of your letter quoted above, I have to state that the District Superintendent of Police is unable to spare any of the Constables of his force for office duties.

I have the honor to be

Sir,

I am directed to reply to your No. 669 of the 19th Sept. 1890, regarding the entertainment of an establishment for the Bench of Special Magistrates.

S. No. 3.

2 The Resident is not prepared to apply to the Govt. of India for any increase of establishment to the Courts of the Civil and Military Station. It is true that since the Bench has been given 2nd class powers they will have more to do than formerly, but your own & the Second Magistrate's Courts will

ie proportionately relieved.

I am therefore to suggest that you should, in consultation with Mr. Abdul Rahman, arrange for the permanent deputation of one clerk or two, if so many can be spared, to the Bench Court.

3. I am to observe that the Court establishment of the Civil & Sessions Judge is very large in proportion to the work which has to be done, and the Resident thinks that he might, without difficulty, permanently lend a peon to the Bench Court.

4 The employment of a sweeper specially for the Bench Court appears to be unnecessary, and

Resident for the favor of his re-perusal. In paras 5 and 6 thereof I have represented the need of the appointment of an additional Clerk to this Court on Rs 25/- per mensem to enable the establishment to over-take the additional heavy Clerical work which has fallen upon them owing to increased litigation, the number of cases original execution and mis-cellaneous having more than doubled within the last four years. What is therein stated is correct as the officials have frequently to work on Sundays and holidays to clear off arrears and have to 'impress' unpaid copyists and other inferior servants to assist them in their work. Already I have had occasion to find serious fault

with

with my subordinates for delay in the preparation of decrees and in execution of cases &c: which is due not to any re: : miscp on their part but simply from their inability to keep pace with the increased work required of them, the extent of which may be gathered from the accompanying list showing the distribution of work to each Official.

3. Under these circum: : stances I trust that the Resident may be pleased to reconsider the matter, and when submit: : ting to the Government of India a proposition statement for the Clerk needed for the Bench Magistrates will be good enough to submit one also for the add: : ditional Clerk needed to my Court.

At

4. At the same time I venture to hope that he will be good enough to obtain sanction at the same time for the appointment of an Accountant on Rs 50-0-0 per mensem as suggested or refer at least the question for the opinion of the Accountant General. I may add that the Madras Government has admitted the necessity of increasing largely the Establishment of the Small Cause Court at Madras which has no original or District Court powers. Objection need not be apprehended as the pay of the Official might be met from the savings effected in the process serving Establishment which came last year to the large sum of Rs. 4,859-14-7.

5. The number of Peons

Eight

right in all allowed to this Court was fixed originally with regard to the necessity of keeping order in the Court which is often very much crowded and attended by large bodies of people interested in the disposal of pending disputes but one man will be detailed temporarily, pending the further instructions of the Resident which I request you will be good enough to obtain.

I have the honor to be,

Sir,

Your most obedient servant.

Sir,

I am directed to reply to your letter No. 2466 of the 10th of November last, in which you explain that you are unable to detail a clerk from your court to that of the Bench of Magistrates, and in which you ask for some addition to your office establishment.

2. The Resident, who has personally discussed the matter with you, desires me to say that he is altogether unable to admit that your office establishment is not large enough for the work it has to do. He cannot therefore apply to the Govt. of India

any increase to it. But he wishes me to suggest to you that a redistribution of work or pay, or both, will probably enable you to provide an Accountant out of the existing staff.

3. As you have 9 peons & 6 process servers attached to your Court, and as the 8 peons according to paragraph 5 of your letter under reply, no other duties than to keep order in your court Sir Oliver St. John thinks that you should be able to allow two peons to the Bench of Magistrates, & I am to ask that this may be done as an experimental measure.

4. If after a trial of three months you find that the six peons are not sufficient to keep order in your court, You should report the matter for the Chief's orders.

Dated Bangalore 28th January 1892

Sir

I have the honor to submit for favorable consideration and orders of the Resident Copy of an application from the Chairmen of the Bench of Magistrates for Carriage allowance and to state that my proposal on this subject on a former occasion was not approved of by the Resident. The Chairmen are the working machinery of the Bench and it is, in my opinion, undesirable that they should be put to the expense of travelling long distances from their houses to the Court for the gratuitous work, exacted from them. I, therefore, request that

that the Resident will be pleased to reconsider
the question and accord sanction for payment
of Rs: 45/ per mensem which may be budgetted Item 25 in SC3
as a contingent charge of the Magisterial Courts
2. I am also compelled to again urge for
the consideration of the Resident, that the services
of a clerk on Rs: 25/ per mensem is very necessary
for that Court; as the work in issuing processes
keeping registers &c &c, is too much for the
one hand, borrowed from the 2nd Magistrate's Court.
As long as the Bench continues to sit, it
should be provided with a suitable Establish-
ment like any other ordinary Courts, and if
Government considers its retention necessary
some concession in the way of an Establishment
for it, is, decidedly, called for-

To

The District Magistrate

I have the honor to submit the following for your favorable consideration :-

2. It is three years and three months since the Bench of Magistrates was established in the Civil and Military Station, and I need hardly say how hard we have been working throughout as the returns submitted by the Bench which show the amount of work turned out will speak for themselves.

3. In the Madras and other Presidencies the Bench of Honorary Magistrates is presided

presided over by salaried Officers holding the appointment of Sub Magistrates, whereas the Chairmen who preside here are only Honorary Magistrates drawing no kind of allowance whatever. It is not for me to mention the heavy and responsible duties devolving on the Chairmen in taking down depositions, writing Judgments &c, and you are fully aware that in the discharge of the onerous duties of the Bench the Chairmen have invariably been put to great inconvenience and expense.

4. Under these circumstances I trust you will not consider it unreasonable on the part of the Chairmen to ask at least for Carriage allowance which will not be less than Rs: 60- a month for each.

5. I request therefore on my own and my brother Chairmen's behalf that you will be so good as to move the Local Government in the matter with your kind support.

6. As this novel institution in the province of Mysore was established by General Sir Harry Prendergast, our present Resident, we hope that the matter will receive favorable consideration at his hands.

Sir,

The question of giving the Chairmen of the Bench of Honorary Magistrates in the C. Pn. Ct. of Bangalore a carriage allowance has been decided by H. H. in Council & such an allowance is given to the Hon. Mag. in Bombay. Where however the System has been satisfactorily working for some time.

Such a question has

London, Why probably
& the fact that the
Chairmen of the Councils
are all Salaried Officers
of Government - Perhaps
it is different in the

I am now directed to reply to your letter No. 1884 dy. the 28th January 93 forwarding for consideration an application from a Chairman of the Bench of Dist. Magistrates for a fixed allowance for himself and his fellow Chairman.

2. The Resident fully appreciates the excellent work done by the Bench of Magistrates, and is of opinion that they are entitled to every consideration, and would have been only too pleased to sanction the allowance asked for if he could have seen his way. I have to &c. &c. &c. and regrets his inability

Sir

S.14 With reference to paragraph 3 of your letter No. 2559/157-89 dated the 26th July 1893 informing me, that the Resident is prepared to re-consider the question of granting Carriage allowance to the Chairmen of the Bench of Magistrates, if I can indicate the source from which, such an allowance may equitably be met, I have the honor to state that a saving equivalent to a moiety of the proposed allowance can be effected from the Budget.

allotment under "19 A. Law and Justice, Criminal Courts" if the expenditure incurred on account of "diet to persons confined in Police Lock-ups" and "charges for interment of paupers" be transferred to other appropriate budget heads.

2. Persons charged with offences and detained in Police custody, pending trial are, virtually, under-trial prisoners. Any amount spent by Government for their diet is, in my opinion, a legitimate charge on Budget grant under "19 B. Law and Justice. Jails - Lock-ups". Similarly the charge for interment of paupers is of a miscellaneous nature, unconnected with Criminal Courts, and should be met from "32 Miscellaneous". These two items of expenditure now appear in the Contingent bills of the Criminal Courts, and are paid for from the Contingent allotment, and I would suggest their transfer to the other budget heads indicated above.

No. 928, dated Bangalore, the 4th November 1893.

From—Colonel H. M. S. Magrath, District Magistrate, C. and M. Station, Bangalore.

To—The First Assistant to the Resident in Mysore.

With reference to the Resident's D. O. dated the 31st October 1893, regarding the application, made by Mr. Streenivassa Iyengar in person for 2 additional clerks required for the Honorary Magistrate's Court, I have the honor, as directed by the Resident, to submit the accompanying memo handed over to me by the chairman, and to say, that I fully concur with his statements as to the necessity of entertaining the extra hands.

2. I would point out that, in my previous correspondence on this subject, I have brought to the Resident's notice that *at least 3 clerks* are required to get through the current work of the Honorary Magistrate's Court, without whom, I must say, that the work cannot be turned out, in that court, in a satisfactory manner.

3. A clerk on Rs. 30 from the 2nd Magistrate's establishment has already been detailed for duty in the Bench Court, and additional help is given by my establishment in preparation of the periodical returns. It is quite impossible to spare any more hands from our courts. I need hardly mention, that the work in connection with Income Tax, which, in itself exclusively requires the services of 2 clerks, has been thrown since 1886, on my establishment, with no additional strength thereto.

4. As regards the carriage allowance to the chairmen, (two of whom Messrs. Streenivassa Iyengar and Subba Raw, live at a distance of nearly 3 miles from the court) I would again beg to urge, for the consideration of the Resident, that a reasonable sum be sanctioned, having regard to the distances they are obliged to travel, and the prevailing rates of carriage hire in a town like Bangalore.

## MEMORANDUM.

It is five years since the Court of the Bench of Magistrates was established in the Civil and Military Station of Bangalore and no establishment has yet been provided for the court. The matter was represented to the Resident by the District Magistrate and his recommendation is still pending orders.

2. A clerk drawing Rs. 12 was first lent from the 2nd Magistrate's Court and he worked for upwards of four years. He was lately re-called and re-placed by the Deputy Clerk of the said court whose pay is Rs. 30. The clerical work of the court has been so heavy throughout that it is absolutely impossible for a single hand to get through the same without falling into arrears and without much inconvenience to all concerned.

3. All the voluminous registers prescribed for the criminal courts of the station have been kept in this court, and the nature of work performed here and in the paid Magistrate's Courts is the same, while the quantity is much greater in this court than in any other court of the station as will be seen from the periodical returns of the court. The Magistrates of the Court had only 3rd class powers at the starting, and they have since been vested with 2nd class powers.

4. Two thousand and four hundred cases of all classes are filed and disposed of annually, and nearly 5,000 processes including duplicates have to be prepared which entails no small amount of labor and responsibility on the clerk concerned. For instance the number of cases disposed of during the half year ending 30th June 1893 was 1,231 as shown in the *margin, and at end of the year the number of cases will be double *viz.* 2,462 involving as many persons and even more in some instances.

| Do the Municipal By-Laws and Regulations ... | | |
| Do Vaccination Act ... ... ... | 181 | |
| Other miscellaneous cases ... ... ... | 4 | |
| Total..... | 1,231 | |

5. The next and most important branch of the court requiring particular attention of the clerk is the "Record." All cases, whether tried regularly or summarily are appealable, the Magistrates not having 1st class powers. Hence the evidence is generally recorded at length in all contested cases and the proceedings swell to a large size in each case. The arrangement of the records takes up much time and adds greatly to the labor of the clerk. The records of cases for many years are therefore left untouched for want of hands.

6. The collection of fines and the preparation of numerous levy warrants also involve the heaviest responsibility and the clerk has always to devote his undivided attention to this branch of work. Nearly 2,500 persons are fined every year, and in cases the fines are not paid down, levy warants are issued which are not less than 500 in a year. The amount of care the clerk has to take in finding out the sums collected and outstanding can be better imagined than described.

7. The fines collected in a year amount to about Rs. 3,500 and many entries have to be made in Registers VII and XIV against each person which of course adds much to the labor and responsibity of the clerk. Generally the moment an accused person is fined he pays the fine.

This has to be received, and the payment at once entered in Register No. XIV, the signature of the person being taken therein against the entry and a receipt granted to him then and there. This part of the clerk's work especially on days when a large number of persons are fined becomes impossible to be managed when coupled with other work he has to attend to simultaneously.

8. In addition to the various kinds of work described above, the clerk has to be in attendance with the Magistrates during the time they are on the Bench, calling parties and witnesses, interpreting questions and answers, administering oaths, and giving every information required by the court.

9. Moreover as soon as a case is disposed of the witnesses concerned have to be paid their batta and their signatures taken in the cash book then and there as they cannot be required to attend again to receive the money which would cause much inconvenience to them.

10. The further important work devolving on the clerk is the daily receipt of the various items of money, namely fines, court costs, compensation, and witnesses batta. These have to be at once entered in the books and remittances made to the Treasury and municipality. The amount of compensation, court costs and witnesses batta have also to be disbursed daily to the parties concerned. All this by no means involves an easy task.

11. The next and most laborious part of the clerk's work is the preparation of calendars and copies of judgments to be submitted to the District Magistrate within 24 hours in the numerous cases disposed of, and how difficult this is for a single clerk of the court is hardly describable.

12. Now comes the preparation and submission of the monthly, quarterly, half-yearly, and annual returns in the voluminous forms prescribed. These have to be prepared from the several registers kept in the court—namely.

| English | To | Register No. 16. |
| Do | From | Register No. 17. |
| Canarese | To | Register No. 16. |
| Do | From | Register No. 17. |

13. How impossible it is for a single clerk to keep these registers and prepare the various returns to the utter neglect of his other work of an equally important nature is a matter deserving serious consideration on the part of the superior authorities.

14. Besides the above, there is a good deal of other miscellaneous work to be attended to by the clerk such as the preparation of bail bonds and recognizances in the large number of cases disposed of, the enquiry to be made into the tangibility of the sureties offered, the keeping of a correct diary of cases posted and adjourned, and the receiving, examining and punching of court fee stamps which is a source of revenue to government, yielding Rs. 1,225 on an average in every year. This part of the work requires of course the greatest attention and care on the part of the clerk for obvious reasons. The clerk has further the important work of comparing copies of depositions, orders and judgments applied for by parties, and in case of convicts in jail and also in cases other than summons cases copies of judgments are to be granted free of cost and these are to be prepared by the clerk and not by copyists. So there is hardly sufficient time for a single clerk to do all the work mentioned above.

15. It is thus impossible to get through the work of the court in all its details with only one hand as at present and even the non-court days in every week do not give sufficient time for the single clerk to attend to all the work of this court without the assistance of others as each description of work is in itself too heavy in this court. If therefore the government wishes the court to be retained, and the work performed in an efficient manner, the court ought to be allowed sufficient establishment as in other courts. Three hands will be sufficient as follows :—

1. Head clerk. 2. Deputy clerk. 3. Record keeper.

and the work will be distributed among them by the method shown below.

16. The head clerk to attend court during its sitting, to keep the general, and five cash books, to examine the calendars, compare the copies of judgments, and exercise general supervision over the whole of the business of the court.

17. The deputy clerk to keep the remaining registers, prepare the processes and levy warrants and to attend to the daily collection of fines, &c., and the remittances of the same.

18. The record-keeper to arrange the records the very day they are handed over to the record and to prepare the calendars and copies of judgments and the periodical returns.

19. There can be no difficulty in allowing three hands as above inasmuch as the Court of the 2nd Magistrate, and that of the District Magistrate have both been relieved of most part of their work since the establishment of the Bench of Magistrates, and the cases disposed of by the Bench is nearly five times as much as those filed in the 2nd Magistrate's Court and eight times as much as those disposed of by the District Magistrate's Court. That the Bench which is a novel institution in the Province of Mysore has proved a success is evident from the fact of the successive District Magistrates and Residents having expressed their full appreciation of the work done in this court.

31—10—93. B. STREENEVASSIENGAR.

20. The Chairmen need hardly submit that for the past five years the heavy clerical work of the court has been carried on without any cost to government and it is nothing but just that the court should be allowed a proper establishment as in the courts of paid Magistrates.

B. STREENEVASSIENGAR.

FROM

COLONEL P. D. HENDERSON, C. S. I.,

RESIDENT IN MYSORE.

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,

FOREIGN DEPARTMENT.

Calcutta.

*Dated Bangalore, the 20th December 1893.*

SIR,

I have the honor to address you on the subject of an establishment for the Bench of Honorary Magistrates, Civil and Military Station, and a carriage allowance for the Chairman.

2. In referring you to this office letter No. 2601-6376, dated 15th August 1887, paragraph 5, I would premise that,—acting on the recommendation of the Finance Committee in 1887, by which the appointment of a Special Treasury Officer on Rs. 100 per mensem and an allowance of 80 for Registration in the Resident's Treasury was abolished, and the duties transferred to the 2nd Magistrate,—a Bench of Honorary Magistrates was appointed in September 1888 to give the 2nd Magistrate proportionate relief in criminal miscellaneous cases and to enable him to take up the duties of Treasury Officer.

3. The Bench of Honorary Magistrates as constituted under Resident's Notification No. 3207—3838 dated 24th September 1888, was invested with powers of Magistrates of the 3rd class; it was at first merely an experiment, but as time went on and it was found to be a success, the Bench was invested with 2nd class Magisterial powers as well as other powers under Resident's Notification No. 297[illegible]—3509 dated 9th September 1890. No separate establishment was allowed to the Bench, but a clerk from the 2nd Magistrate was deputed on the working days, it being presumed that as both the District Magistrate and 2nd Magistrate were proportionately relieved of work by the constitution of the Bench of Honorary Magistrates the clerical work of the latter could be carried on by a clerk from the 2nd Magistrate's Office.

4. From the date of its institution up to the present the number of cases tried by the Bench of Honorary Magistrates and the work entailed has increased considerably, and the clerk on Rs. 12 per mensem deputed from the 2nd Magistrate's Court has been relieved by another on Rs. 30 per mensem, while the District Magistrate has, as necessity required, lent a clerk to get through the work.

5. It has now been found almost impossible to continue the work done by the Honorary Magistrates under existing circumstances, and the District Magistrate, on successive applications from the Honorary Magistrates, has applied for a fixed establishment for the Bench, and has stated his inability to spare any adequate assistance either from his own or the 2nd Magistrate's office, as their own establishments are barely sufficient for requirements.

6. I beg to enclose a copy of a letter No. 928 dated the 4th November 1893 from the District Magistrate forwarding one from the Chairman of the Bench, and also a comparative statement showing the work done by the Bench from 1888 to the present time, the amount of fines credited to Government and the Municipality, and the establishment and expenditure of the court.

7. The District Magistrate is of opinion that a fixed establishment of three clerks is necessary including the one already lent from the 2nd Magistrate's Court as also 2 peons, to maintain order in Court and assist in other duties of the Court, and he also recommends that in order to retain the services of the Chairmen, who live in the Pettah at a distance of 3 miles, that a carriage allowance be given of Rs. 45 per mensem.

8. As regards the establishment I would recommend two extra clerks on Rs. 20 and 25 and two peons on Rs. 7 each and fix the establishment for the Bench as follows :—

| | | | |
|---|---|---|---|
| 1 Clerk at | ... | ... | Rs. 25 |
| 1 Do | ... | ... | „ 20 |
| 2 Peons at 7 each | ... | ... | „ 14 |
| | | | Total... 59 |

9. As regards the grant of carriage allowance, I approach the question with some hesitation. It may rightly be urged that the duties of an Honorary Magistrate are voluntary and carry with them certain advantages in position, and it may be assumed that the class of men who take up the work are fairly well to do and expect no remuneration. This assumption is no doubt correct when it applies to large towns where the class from which Honorary Magistrates can be obtained is more numerous, and the position of Honorary Magistrate more appreciated. In Bangalore the conditions are somewhat different, as the material from which the supply of Honorary Magistrates can be taken is very limited, and confined to pensioned Government servants and shop-keepers. The former are as a rule not well off and live in the Pettah 3 miles off, where prices are lower than in the Civil and Military Station, and the latter have little desire and can ill spare the time for Bench duties, and since the institution of the Bench it has been very difficult to obtain men willing to take up the duties, while the Chairmen have repeatedly represented that they are put to much expense in carriage hire to attend Court.

10. Considering the circumstances under which the work is carried on, and the material assistance afforded by the members of the Bench, I am constrained to ask that favorable view may be taken of what may appear at first to seem a somewhat unreasonable request, and to recommend a carriage allowance of 30 per mensem to the sitting Chairman of the Bench.

11. The sum of my proposals is therefore as follows :—

Establishment for Bench of Honorary Magistrates.

| | | | | |
|---|---|---|---|---|
| * 1 Clerk | ... | ... | Rs. | 30 |
| 1 Clerk | ... | ... | „ | 25 |
| 1 Clerk | ... | ... | „ | 20 |
| 2 Peons | ... | ... | „ | 14 |
| | | | | 89 |
| Carriage allowance to Chairman | | | „ | 30 |
| | | | Total..... | 119 |

*Now lent from 2nd Magistrate's Court to be transferred permanently.

12. In the statement annexed it will be seen that the amount of fines realised from 1888 to November 1893 has been 11,279—7—10, out of which Rs. 4,266-5-1 have been credited to Government and Rs. 7,013—2—9 to the municipality. I would propose that the municipality should bear the cost of the Chairman's carriage allowance, and half the expense of increased establishment, while the remainder be charged to imperial funds, as shown on the margin.

| | | |
|---|---|---|
| Debitable to imperial funds | | |
| ½ increased establishment ... | 29—8 | |
| | | 29—8—0 |
| Debitable to municipality. | | |
| ½ increased establishment ... | 29—8 | |
| Carriage allowance for Chairman | 30 | |
| | | 59—8—0 |
| | | 89—0—0 |

13. I may mention that apart from the advantage to Government from the work done free of expense by the Bench of Honorary Magistrates, and the amounts realised from fines, no rent is charged to Government on account of the District Magistrate's Court as he holds his Court in the municipal building, and although a proposal was made by the Municipal Commissioners to charge Government rent at Rs. 50 per mensem, it has not been entertained on the grounds that the District Magistrate being also ex-officio, President, Municipal Commission, no extra expense is incurred by his holding Court in a room which he occupies as President, Municipal Commission; a sum of Rs. 50 per mensem is therefore a saving to Government, and should be considered with the question of providing the establishment for the Bench of Honorary Magistrates.

14. As the liability of the Municipality to meet a portion of the cost of establishment has been admitted by the President, Municipal Commission, I anticipate no difficulty in its being passed and submitted for my sanction by the Municipal Commissioners, and I append a proposition statement verified by the Accountant General, Madras, for sanction for the portion of the expenses to be defrayed from the imperial revenues.

I have the honor to be

Sir,

Your most obedient servant.

*First Assistant to the Resident.*

Additional establishment for the Bench of Honourary Magistrates in Bangalore.

No. 564-I., dated Fort William, the 14th February 1894.

From—A. WILLIAMS, Esq., Under-Secretary to the Government of India, Foreign Department,

To—The Resident in Mysore.

I am directed to acknowledge the receipt of your letter No. 4378—157-89, dated the 20th December 1893, submitting proposals in regard to an establishment for the Bench of Honourary Magistrates in the Civil and Military Station of Bangalore, and a carriage allowance for the Chairman.

2. I am to say that before passing orders the Government of India desire to be informed whether the total number of criminal cases in the Civil and Military Station has increased since the establishment of the Bench of Honourary Magistrates in 1888. It is true that the work of the Bench has increased largely, but it is not clear that the work of the two stipendiary Magistrates has not decreased in something like the same proportion. In this event I am to request that you will consider whether the establishments of the District Magistrate and the Second Magistrate should not be called on to provide all the additional clerical establishment now required for the Bench of Honourary Magistrates. I am to suggest, with reference to paragraph 3 of the District Magistrate's letter No. 928, dated the 4th November 1893, that an establishment of two clerks for the disposal of income tax work is, perhaps, excessive.

3. I am further to point out that some work appears to be done by the clerk in the Court of the Bench of Honourary Magistrates which might well be entrusted to one clerk for all the three Courts in the Civil and Military Station. In this connection I am to instance such matters as the realization of fines and enquiries into the sufficiency or otherwise of security offered by parties appearing before the Court.

---

No. 1927—157-89, dated Bangalore, the 1st June 1894.

From—The Resident in Mysore,

To—The Secretary to the Government of India, Foreign Department.

I have the honour to acknowledge the receipt of your letter No. 564-I. dated the 14th February 1894, regarding the proposed establishment for the Bench of Honourary Magistrates in the Civil and Military Station of Bangalore

2. In reply I would explain that the total number of criminal cases in the Civil and Military Station has increased by about 439 cases since the establishment of the Bench of Honourary Magistrates in 1888. The work of the two stipendiary Magistrates has on the other hand decreased to some extent, but only so far as the petty cases and the limited class of Penal Code cases triable by the Bench are concerned; the ordinary routine work of the Magistrate's offices remains still the same, that is to say, the same number of registers have to be maintained, the same returns prepared and submitted; and the District Magistrate's Court, as the Chief Magistrate's Court of the District, which exercises enhanced powers under section 34 of the Criminal Procedure Code, has to supervise the procedure of the other two courts, review their calendars, check and compile their returns and attend to requisitions received from the several Criminal Courts in the Mysore State and British India for service and execution of processes, etc.; it has besides, unlike the other two subordinate courts, to review the numerous daily police reports. In these circumstances, it seems quite impracticable that the District Magistrate or the Second Magistrate can render the Court of the Bench of Honourary Magistrates any further assistance than that already afforded.

3. The suggestion that some work now done by the clerk in the Court of the Bench of Honourary Magistrates might be entrusted to one clerk for all the three Courts in the Civil and Military Station is, I fear, also impracticable, as, owing to the distance which separates the three courts from each other, it

would be impossible for the same clerk to be in attendance simultaneously at all the three courts, while at the same time it would be inadvisable to station a a clerk in one place and have the fines, etc., paid into the three courts sent to him.

4. With reference to the 2nd clause of paragraph 2 of your letter I would explain that there is not an establishment of two clerks maintained for income tax work, but that the work done takes up the time of two clerks of the District Magistrate's ordinary establishment.

5. I am convinced after personal enquiry that the help required by the Honourary Magistrates cannot be given from the existing establishments, and have moreover good reason to believe that the burden of work thrown upon the Chairmen and the absence of any carriage allowance will probably cause the collapse of the Bench of Honourary Magistrates, unless something is done to relieve them.

---

No. 2405-I., dated Simla, the 17th July 1894.

From—A. WILLIAMS, Esq., Under-Secretary to the Government of India, Foreign Department,

To—The Resident in Mysore.

With reference to the correspondence ending with your letter No. 1927—157-89, dated the 1st June 1894, I am now directed to convey the orders of the Government of India in regard to the establishment which has been proposed for the Bench of Honourary Magistrates in the Civil and Military Station of Bangalore, and the carriage allowance for the sitting Chairman.

2. The Government of India consider that an establishment of two clerks should be sufficient for the Bench of Honourary Magistrates, and I am accordingly to convey sanction to the entertainment of the additional establishment mentioned below, *viz.*:—

| | | R | |
|---|---|---|---|
| 1 Clerk on | . . . . . | 25 | a month. |
| 2 Peons at R 7 each | . . . . . | 14 | „ |
| | TOTAL . | 39 | |

Half the cost of this additional establishment, will, as proposed by you, be debited to Imperial revenues, the other half being borne by the Municipality of the Civil and Military Station of Bangalore. Should any further assistance be required by the Bench, it must be furnished from the existing establishments of the District Magistrate or of the Second Magistrate in the Civil and Military Station.

3. I am to observe, with reference to paragraph 4 of your letter quoted above, that it is not understood how the income tax work in the Civil and Military Station should take up the time of two clerks belonging to the District Magistrate's establishment. The number * of persons assessed in the station during the years 1886-87 to 1892-93 has varied from 651 to 1,057, the average number for each year being 760. That is to say, there are about three income tax cases per working day for the clerks to attend to. The clerks have apparently nothing to do with collecting information for the revision of the assessment: that work being done by the Municipal bill-collectors, who also collect the income tax: so that all that the clerks have to do is—

* *Vide* statement appended to your letter No. 1271—65-94, dated the 5th April 1894.

(1) to write up the assessment registers on the information supplied by the bill collectors;

(2) to write out and issue notices of assessment and demand, and warrants for the realization of amounts due;

Sir

With reference to your letter No. 764/167-89 dated the 26th February 1894, I have the honor to state, that the total number of cases have increased by about 439 in 1893, as compared with 1888, and that although the work of the two Stipendeary Magistrates (ie the 2nd Magistrate and District Magistrate) has been decreased, only so far, as the petty cases and the limited class of Penal Code cases triable by the Bench, are concerned, viz; the keeping up of various Registers, preparation and submission of periodical returns and other miscellaneous work remain

Total No. of Cases.
1893 — 3333
1888 — 2894
439

Remain unchanged —

2 The Second Magistrate has already supplied one clerk from his own Court, and informs me, that it is impossible to spare another as the miscellaneous work in his Court both in-door, and out-door is extremely heavy —

3. I need hardly say, that the nature of the work done by a single Magistrate with establishment is quite different from the work of three (3) different classes of Courts, each Court, has to keep quite distinct, its Registers and follow its procedure, - submit Returns Calendars &c.; for this, it must have an establishment of its own -

I would point out that the amalgamation of Courts, might possibly effect the - saving of a clerk from their (the three (3) Courts) respective establishments grouped together, but it would be otherwise if a seperate new Court is established; and my opinion is, that such new Court should have a proper establishment of its own, like any other Court — Provision has been made

in the three (3) different Courts, who (the offenders) not unfrequently require a few hours time for payment, in view to realization of the fines and entry of such in the registers of the three (3) different Courts, and disposal of such fines according to law—

D.2 — 7 In your office no 1168/1668/1679 of 5th April 1889 it was suggested that the cost of the extra establishment should come from fines made over to the Municipality under Sec. 245 of the Municipal Regulations. The district Magistrate (Col. Mograth) in his reply no 609 dated 19th September 1890 para 6 did not accept the suggestion from a Municipal point of view — but from his no 793 of 4th October 1893 he evidently changed his mind, and actually suggested, that any how, Municipal money should be used to meet a moiety of the carriage hire of the Chairman of the Bench, and that the other moiety should be borne by Government — I am of opinion that

the Extra Clerks as recommended, and as now wanted for the Bench Court. Viz one on Rs 25 and another on Rs 20 per mensem, and an allowance of Rs 2 for the Sweeper of the District Magistrates' Court who also sweeps the Bench of Magistrates' Court should Comm, from the fines given to the Municipality, and the Municipality if addressed, may Consent to meet the Expenditure of Rs 564 per annum — required, in return for the Annual — income derived under Section 245 of the Regulation of 1816 from the fines inflicted by Magistrates —

I have the honor to be

4. With reference to the 2 nd clause of para 2 of your letter I would explain that there ~~are~~ is no establishment of not two clerks ~~deputed to~~ maintained for income tax work, ~~what was meant was~~ but that the work done takes up the time of two clerks of the District Magistrate's ordinary establishment.

5. I am convinced after personal enquiry that the help required by the Honorary Magistrates cannot be given from the existing establishments, and have moreover good reason to believe that the burden of work thrown upon the Chairman and the absence of any carriage allowance will probably cause the collapse of the Bench of Honorary Magistrates, unless something is done to relieve them.

I have etc.,

Resident.

3. I am to observe, with reference to paragraph 4 of your letter quoted above, that it is not understood how the Income-tax work in the Civil and Military Station should take up the time of two clerks belonging to the District Magistrate's establishment. The number of persons assessed in the Station during the years 1886/7 to 1892/3 has varied from 681 to 1057, the average number for each year being 760. That is to say there are about 3 income-tax cases per working day for the clerks to attend to. The clerks have apparently nothing to do with collecting information for the revision of the assessment : that work being done by the Municipal bill-collectors, who also collect the income-tax; so that all that the clerks have to do is :-

Vide statement appended to your letter, No. 1271/68-94, dated the 8th. April 1894.

(1) to write up the assessment registers on the information supplied by the bill-collectors;

(2) to write out and issue notices of assessment and demand, and warrants for the realization of amounts due;

(3) to attend Court during the hearing of objections and appeals; and

(4) to note the realizations and prepare the periodical returns.

This work, if properly supervised, ought not, in the opinion of the Government of India, to occupy the whole time of one clerk, and certainly not of two.

4. The Government of India sanction the grant of a carriage allowance at the rate of Rs. 25/- per mensem - that being the usual amount given elsewhere - to the sitting Chairman for the time being, provided that he lives at such a distance from the Court as to render the grant of an allowance in your opinion reasonable. This allowance, as recommended

recommended by you, should be debited to the Muni-
cipality.

Dated 3rd August 1894.

Sir,

I am directed to ~~state~~ reference that for some time past it has been found necessary to augment the Court establishment of the Honorary Special Magistrates in the C & M. station of Bangalore, and to grant a carriage allowance for the Chairmen of that Court.

2. In consultation with Col: Nagrath, your predecessor, a portion of such increased expenditure was considered debitable to the municipal funds to which certain fines levied by this Court is credited; and ~~on~~ on the representation ~~made by~~ of the Resident, ~~the~~ Government of India have now sanctioned the entertainment of 1 clerk and 2 peons at a monthly cost of Rs: 39/- and a carriage allowance to the sitting Chairman for the time being of Rs: 25/- per month, and have directed that a moiety of the above establishment and the carriage allowances in full (in all Rs 44½ a month) should be borne by the municipality. I am therefore to ask you to arrange with the District Magistrate of the Civil and Military station

3. *With reference to your endorsement No. 2647/157-89 dated 3rd August 1894, forwarding copy of a letter No. 2405.I. dated the 17th July 1894 from the Under Secretary to the Govt. of India in the foreign Department sanctioning an additional establishment of 1 clerk on ~~Rs~~ 25, and 2 peons at ~~Rs~~ 7 each for the Bench of Honorary Magistrates in the Civil and Military station of Bangalore, as also ~~Rs~~ 25 per mensem, carriage allowance for the sitting Chairman, I have the honor to report that the additional establishment has been entertained from the 17th Ultimo.*

*2. As regards the carriage allowance to the Chairman, I, herewith, submit for any consideration the Resident may be pleased to give the matter, copy of a letter No. 116 dated the 5th Instant from the Chairmen of*

of the Bench pointing out that the Sum now sanctioned is inadequate - I would mention that ordinarily there will be 3 sittings a week or 12 in a month. The carriage hire will therefore be ~~Rs~~ 36 at ~~Rs~~ 3 per day. In cases of adjournments occasionally the sittings exceed 12 a month -

3. Referring to the remarks contained in the latter part of para 4 of the letter from the Government of India, I consider that the grant of the carriage allowance is reasonable - none of the Chairmen live so close to the Court-house as to render the hiring of a carriage unreasonable.

4. In paragraph 2 of their letter, the Govt. of India have directed that any further assistance required by the Bench should be furnished from the existing establishments of the District Magistrate or of the 2nd Magistrate. The latter Court has already furnished one clerk. A clerk of my Court has been lent to the Income tax work for which no establishment is sanctioned as yet. The services of this clerk being now required to assist the Bench Magistrate's establishment - I would urge for the Resident's consideration, the necessity for entertaining a clerk for the Incometax office duties, in order to relieve the clerk lent for that work, and whose reversion to the District Magistrate's office is desirable.

Sir,

I am directed to acknowledge the receipt of your letter No. 837 dated the 11th September 1894 regarding the carriage allowance to the sitting Chairman of the Bench Magistrates' Court, & urging the necessity for the entertainment of a clerk for Income Tax work of your office.

2. In reply, I am to state that it was with great difficulty that the sanction of the Govt of India was obtained to the payment of a Carriage allowance of Rs 25 a month to the sitting Chairman, & the Resident is sufficient grounds

have been drawn are not forthcoming to enable
the Resident to move the Govt.

which is based on what is
in question. I have to point out that

Honorary Magistrates in Sheral cases

3. The clerical work of the Bench.
Magistrates' Court has all along been performed

OFFICE OF THE DISTRICT MAGISTRATE,
CIVIL AND MILITARY STATION.
Bangalore, 21st September – 1894.
Despatched 24th -94.

FROM

THE DISTRICT MAGISTRATE,
CIVIL AND MILITARY STATION.

To

THE First Assistant to the Resident in Mysore.

SIR,

I have the honor to state that the menial establishment attached to the Court of the Bench of Honorary Magistrates consists of 2 peons, still borne on the roll of the District Court and 2 additional peons recently sanctioned by the Government of India.

2. Owing to an appointment and promotion made by me among the menial staff of the Bench of Magistrates — they being, of course, placed under my orders — the District Judge has raised the question as to who should make the appointment as regards the two peons who are borne on the Nominal roll of his Court but do duty in the Bench Court. I am of opinion that as long as the entire establishment is placed under my orders, the appointment, grant of leave, and punishment in regard to such, rests with me.

3. I would, however, point out that in view to avoid

avoid anomaly and further question in the matter, it is neces-
-sary that the two peons referred to should be transferred to the
roll of the Bench of Magistrates' Court, and I request that you will
be so good as to obtain the Resident's orders accordingly.

I have the honor to be

Sir

Your most obedient Servant

Dated 25/10 1894

To The District Magistrate,
for Station of Bangalore

Sir,

I am directed to reply to your letter No. 881 dated the 21st September 1894 regarding the medical establishment of the Court of the Bench Magistrate in the for Station of Bangalore.

2. As the Govt of India have sanctioned a fixed establishment of 2 peons for the Bench Magistrates' Court to which no addition can be made, it is not understood why the 2 peons lent by the District Court are required for duty at the Court of the Hon'ble Magistrates. I am to suggest that the latter 2 peons may now revert to their own Establishment. I have etc,

Office of the District Magistrate,

No. 1072 Enclos. 2 Civil and Military Station,

*Bangalore, 16th March 1914.*

From

A. R. Cox, Esquire, B.A., I.C.S.,
District Magistrate, Civil and Military
Station, Bangalore.

To

P. B. Warburton, Esquire, B.A., I.C.S.,
First Assistant to the Hon'ble the
Resident in Mysore, Bangalore.

Sir,

I have the honour to state that the Chairman of the Bench Court (Mr. B.M.D'cruz) has addressed on the subject of the inadequacy of the clerical establishment of that court and has asked that the same may be supplemented by another full time clerk, as the present establishment is found utterly insufficient to cope with the amount of work which has of late enormously increased.

2. At present there are only two clerks attached to that court, one on Rs. 30/- deputed from the Second Magistrate's Court and the other on Rs. 25/- sanctioned by the Government of India in their letter No. 2405 I dated the 17th July 1894, copy received with Major Ravenshaw's endorsement No. 2647 dated the 3rd August 1894.

3. It is now 20 years since the Bench Court establishment was sanctioned and it will be seen from the attached statements, showing the number of cases disposed of, number of persons involved and the amount of fines realized during the ten years 1903 to 1912, that

There

there has been a great increase of work in that court. The recent promulgation by the Hon'ble the Resident of Criminal rule of practice No. 12 dated 15-8-1913 prescribing new registers has also, it is represented, thrown additional work on the already inadequate staff.

4. I am of opinion that there is good grounds for the consideration of this question and do therefore recommend that the Hon'ble the Resident will be pleased to address the Government of India with a view to sanction an additional clerk for the Bench Court on a pay of Rs. 15 or 20, as may commend itself to the Hon'ble the Resident. If necessary the pay of the new post may be debited to the revenues of the C & M. Station Municipality, though perhaps there may be no objection to its being debited to the revenues of the Assigned Tract, since the Bench dispenses justice in the interests of the general public. At present a moiety (half of Rs. 39/-) of the pay of the Bench Court establishment is being debited to the Municipality.

5. On receipt of orders, I shall submit necessary proposition statement, through the Accountant General Madras.

Sir,

S. 26. (7)

With reference to the correspondence ending with your letter No 2405. I., dt the 17th July 1894, I have the honour to submit for the sanction of the Govt. of India the following proposal for the addition of a clerk on Rs 20 p. m. to the establishment attached to the Court of the Bench of Honorary Magistrates in the C & M. (Continuation of Draft).

Bangalore.

2. Excluding a clerk on Rs 30 p. m. deputed from the 2d Magistrate's Court, the establishment of the Bench Court consists of a clerk ~~at~~ on Rs 25/ and two peons ~~at~~ on Rs 7 each, but the Chairman has applied for the services of another full time clerk, as the present staff is found quite ~~utterly~~ insufficient to cope with the amount of work which has of late considerably increased.

3. It is now 20 years since the present establishment was sanctioned, and it will be seen from the attached two statements, which (copies of 2 enclosures to sl 38) showing the number of cases

disposed of, number of persons involved, and the amount of fines realised during the ten years 1903 to 1912, that there has been a great increase of work in that court. The recent promulgation by any Court of a Criminal rule of practice prescribing new registers has also, it is represented, thrown additional work on the already inadequate staff.

4. The District Magistrate supports the application of the Chairman of the Bench Court, and, as the additional clerical assistance ~~required by him~~ in question cannot be afforded from the court establishment

of the District Magistrate
~~and~~ or of the 2d Magistrate,
I would recommend
that a clerk on Rs 20 p. m.
may be sanctioned from the 1st April 1914.

5. With this addition, the cost of
the establishment of the
Bench Court will rise
from Rs 39 to Rs 59 a
month. A moiety of this amount
will be debitable to the revenues
of the Municipal Commission,

With reference to your endorsements Nos.4997 dated the 24th July 1914, 5345 dated the 3rd August 1914, and 6677 dated the 15th September 1914 relating to the appointment of an additional clerk to the establishment of the Bench of Magistrates' Court and the remission of the moiety of charges of the Bench court establishment and the carriage allowance of the Chairman hitherto borne by the Municipal Commission of the Station, with effect from the current official year, I have the honour to state that the sanctioned budget provision on account of the moiety of the establishment charges of the court in the budget of the current year is as noted in the margin and the same is included in the total provision for -- establishment and compensation for dearness of food under 19 A.C. Law and Justice-Criminal Courts and a further sum of Rs.80/- has also been provided by reappropriation -- towards the moiety of pay for 8 months of the newly -- sanctioned clerk on Rs.20/- for that court who was -- however entertained from the 14th August 1914.

2. The moiety of the establishment charges and the allowance to the Chairman that have been paid by the Municipality in the current year upto date (i.e., for the 7 months from March 1914 to September 1914) are Rs.175/10/10 and Rs.175/- respectively. For the remaining 5 months of the year a sum of Rs.160/- (Rs.137-8-0 towards moiety of establishment charges and Rs.22/8/0 for compensation for dearness of food) as well as Rs.125/- for ~~xxxix~~ carriage allowance will have to be provided so that the full cost may be debited to the -- Government. Thus an additional grant of Rs.340/- towards the establishment charges including compensation and a sum of Rs.300/- for the carriage allowance have to be made so that the actual amount paid by the Municipality upto date may also be refunded to that body.

To

Major C. T. C. Plowden, I. A.,
First Assistant to the Hon'ble the Resident
in Mysore, Bangalore.

Sir,

I have the honour to state that the Chairman of the Bench Court (Mr. G. Cloney) has addressed me on the subject of enhancing the conveyance allowance to the chairman from Rs. 25/- to Rs. 35/- per mensem in consequence of the revision of the schedule of rates in respect of Hackney Carriages made by the Station Municipality.

2. The allowance of Rs. 25/- per mensem was sanctioned by the Government of India in their letter No. 2405. I, dated the 17th July 1894, copy received with Major Ravenshaw's endorsement No. 2647 dated 3-8-1894.

3. According to the enhancement in the schedule of rates which has been introduced by the President, Municipal Commission tentatively for a period of one year from 15th November 1919 - the carriage hire for 4 hours is Rs. 2-12-0 per day and assuming that there are 12 sittings per month the total cost per month will be Rs. 33/-. I therefore consider that the allowance - prayed for viz Rs. 35/- per mensem is reasonable and recommend that it may be sanctioned with effect from 15-11-1919. The charge, if sanctioned, will be met out of the provision made under "19A-Law and Justice-Allowance-House and rent and other - allowance" in the budget of the Assigned Tract".

4.

4. Should the schedule of rates be lowered, the matter will be taken up again, but that contingency is very unlikely.

I have the honour to be,

Sir,

Your most obedient servant,

DISTRICT MAGISTRATE.
